Call Now The Service Provider On 17218925 To Book Or Request Your Service.

How Do Routine Maintenance And Traffic Inspection And Registration Services Work?

1. For Routine Maintenance service, take an appointment with your car agent and ask them for an estimate of the agent's service cost.
2. Call Gulf Assist (the service provider) 48 hours in advance to book the Routine Maintenance or Traffic Inspection and Registration service.
3. Gulf Assist's pickup and delivery service agent will pick up your car from you and collect the necessary documents which may include traffic registration form, ownership and insurance cards, registration fee or fine tickets for Inspection and Registration service and routine maintenance cost for Routine Maintenance service.
4. In addition, you will be required to pay the Pick and Delivery service fee and sign the service form which includes the authorization to allow the service provider to take custody of your car for a limited time to complete the service.
5. We will then give you a check-list indicating your car's state before collecting it, which contains a copy of the authorization, and a receipt for the total money received from you.
6. Finally, we will take your car to complete your desired service and drive it back to you after the service is done along with the relevant documents. You will be required to sign upon car delivery to you confirming that the car is in a similar condition when received.

How Does Car Registration Through Post Work?

According to Traffic Directorate regulations, renewing the registration in respect of cars up to 4 years old does not require inspection and hence can be finalized at Bahrain Post offices without taking the car. Gulf Assist's pickup and delivery service agent will collect from you the necessary documents and fees as mentioned in point 3 under the above question, in addition to the service fee.

The service agent will then bring you back the documents along with the Post Office receipt, which is the evidence that your car registration has been renewed. Traffic Directorate will then send you back your car insurance card along with the registration renewal badge in due time through Bahrain Post.

What If I Had Unfamiliar Fines Or My Car Fails The Inspection Test?

You are required to provide the pickup and delivery service agent all related fees concerning your registration at the time of pickup. Failing to do so will force us to deliver your car back without completing the service.

For cars above 4 years old, failing in the traffic test is not the service company's responsibility and the car will be delivered back to you without completing the registration. Of course, you can request the service again after completing the necessary repairs requested by the Traffic Directorate, subject to paying a new service fee.

What If Something Happens To My Car While Taken To Perform A Service I Requested?

The service agents are carefully selected and trained to take the best care of your car. However, if your car meets with an accident while conducting the service, expenses such as the claim deductible of your car's comprehensive policy or any fine ticket received while conducting the service will be paid by the service provider. Rest assured that we will take the necessary precautions to minimize such incidents.
